Education

2004-2010 National Aviation University, Computer systems of control and automation, MS.

2016 Front-end JS course with [Kottans](#)

2016 JS Internship at Ciklum

Experience

2010 - present: Freelance web-developer. I make and support websites using my DIY engine (CakePHP, MySQL, jQuery). Some examples (latest at the top):

June-August 2016: I have finished advanced front-end JS course made by [Kottans](#) community (covering modern HTML, CSS and ES standards, testing, DOM, CORS, build tools, CI/CD, React, Ember, SPA, Node, etc).

September-November 2016: participated in JS internship at Ciklum. We studied the usage of Angular 1&2, React+Redux, Node, MongoDB, webpack. As a final project I made an interactive app for managing seats in office, using React+Redux, Material-UI, Mongoose and Passport. The app code can be viewed here <https://github.com/SashaPonomarov/ciklum-chayr>.

I am inspired by the current trends in web development and I want to be a more active part of it. I strive to learn and improve.
